## DRYING UP

Vegetables Are Rapidly Disappearing From the Market.

## NOTHING IS GROWING

Gardeners Say That Crops and Vegetables Are Dwarfed and May Be Ruined Entirely in a Few Days.

## HEAT AND DROUGHT IN OTHER PLACES

The drought is alarming. The market is rapidly becoming deserted of gardeners. They have nothing to sell, and consequently do not come to town. What few vegetables that are brought in are dwarfed, burned, and in many cases hardly fit to eat. Everything has been set back, and in many sections, where there has not been a drop of rain for three weeks or more, the crops are literally burning up.

"It is the worst I can remember of," declared Col. John McNulty, of the Palmer. "I never found it so difficult to get vegetables before. If it lasts much longer we will simply have to go back to our last year's canned goods."

Government Observer Bornemann, stated that the heat and dry weather was unprecedented for this season and that a little more of hot, dry weather will destroy the corn crop.

Vegetables are being brought here from points as far south as New Orleans—vegetables that are usually raised in great quantities and selling cheap in this section every year. Corn and such things are even brought from Cairo and St. Louis and placed on the market, but it is very little, if any, better than the corn raised here, and the enterprise is not proving much of a success.

Yesterday the temperature as recorded by Observer Bornemann was 101 in the shade, and today it will be equally as hot. The lowest last night was 72.

Gardeners and farmers say that they will have to quit coming at all in a few days if there is not a change.

### IN LOUISVILLE.

Louisville, Ky., July 11.—The temperature went soaring to 100 in the shade again at noon today.

The temperature went to 102 at 1 o'clock this afternoon.

### IN CHICAGO.

Chicago, July 11.—Chicago yesterday experienced her hottest day. The temperature went to 102 in the shade at the weather bureau. The highest previous mark was 99.8 on July 16, 1887.

### WARM WEATHER IN KANSAS.

Kansas City, Mo., July 11.—The highest temperature yesterday was 101, at 4:30 p. m. The highest temperature in Missouri was 109 at Harrisonville; in Kansas, 108, at Fort Scott.

### REACHED 102 AT OMAHA.

Omaha, Neb., July 11.—The mercury reached 102 at 3 o'clock yesterday. With the exception of the southern portions, the damage to corn so far has not been extensive.

### KEOKUK'S HOTTEST DAY.

Keokuk, Ia., July 11.—Yesterday was the hottest ever recorded by the weather bureau stationed here, 105 degrees following 103 of the day before.

This afternoon at 2 o'clock the government thermometer in Observer Bornemann's office registered 104, the highest the mercury has climbed this summer. The heat is not so noticeable however as the wind is from the north and there is some moisture in the atmosphere.

The indications for tonight and for tomorrow are fair.

### ALL IMPROVING.

CONSTABLE RANKIN IS ABLE TO SIT UP AT BROOKPORT.

Constable Grant Rankin's condition is very much improved at Brookport so it is reported. He is suffering very little and sleeps well. During the day he sits up in a chair a part of the time and eats heartily. If no unfavorable symptoms develop the indications are that he will be out again soon.

Mason, the young man in jail at Metropolis, who received only a flesh wound, is almost well and Pritchett has recovered sufficiently to be moved to the upper room of the jail. The hall which was supposed to have been entered the abdominal cavity has been located in the left groin.

## OPEN HEADQUARTERS

REPUBLICAN STATE CAMPAIGN COMMITTEE ELECTS ITS

Officers—A Stiff Fight Will Be Made in the Legislative Races in the State.

Louisville, July 11.—The Republican state campaign committee has organized by electing Richard P. Ernst, of Covington, chairman; Sam C. Shepherd, of Georgetown, secretary, and Clint McClarty, of this city, treasurer. Messrs. Ernst and McClarty are members of the committee, as is also Mr. George W. Long of Leitchfield. It was decided to at once open headquarters at 318 West Jefferson street, and Secretary Shepherd and a corps of clerks will be on duty there after today. Chairman Ernst will not make his headquarters here, but will run down from Covington at least once every week to look after matters demanding his attention.

The Republican outlook in the senatorial race was discussed and it was determined to wage a vigorous campaign in the legislative districts in the effort to secure Republican control in both branches of the legislature. They have eleven hold-over senators.

Among the probable candidates for senators in addition to Senator Deboe are Congressman Vincent Boring, ex-Congressman Sam J. Pugh, former Gov. W. O. Bradley, Clifton J. Pratt, John W. Lewis, John W. Yerkes and Leslie Combs.

### TO DO CAIRO.

PADUCAH BOYS WILL GO DOWN TO WIN EVERYTHING IN SIGHT.

Mr. Walter Wilkins, manager of the Marble Hall baseball team has made another date with the Cairo team for a game on the 21st. He will go down with the best team ever taken out of this city and if successful ball paying can win out the local team will come back victorious.

Mr. Wilkins has secured the services of Mike Bergant, of Louisville, who was formerly a member of the Marble Halls two years ago, and also Mr. Jerome Smith, the catcher, now of Paris, Tenn. Bob Langford, better known as "Danuette," is in the city and has consented to play with the home boys on that date. The latter has been in the professional field for the past several years and is one of the best infielders on the diamond.

Bob Bates, of Murray, and also one or two more players, including Newt Atkinson, of Murray, will be here to play on that date. The team will be equal to a professional league team and will make a hard fight for the honors once lost. The Cowling will probably take the excursion down from here.

### EXPLOSION AT DALLAS.

POWER HOUSE WRECKED—ONE MAN KILLED AND ANOTHER SEVERELY SCALDED.

Dallas, Tex., July 11.—At 1:30 p. m. a boiler in the power house of the Standard Light and Power Company exploded, partially wrecking the building, killing one man and severely scalding another. All the electric street cars of the city are stopped for the lack of power.

### BUGGY OVERTURNED.

MR. AND MRS. AUSTIN TINDALL PAINFULLY HURT LAST EVENING.

Mr. Austin Tindall and wife were driving late yesterday afternoon, and when they reached Eleventh and Broadway their horse became frightened at a passing switch engine, and overturned the buggy. Both occupants were thrown out of the vehicle and painfully, but fortunately not seriously, injured.

### TEXAS DEADLOCK BROKEN

DUDLEY G. WOOTEN NOMINATED FOR CONGRESS ON THE 4,046TH BALLOT.

Dallas, Tex., July 11.—Dudley G. Wooten of Dallas was yesterday nominated by the Democrats of the Sixth congressional district for the seat in congress made vacant by the death of Judge R. E. Burke. The convention was in session a week, and his nomination was made on the 4,046th ballot.

Mr. Wooten is 42 years of age, and is a graduate of '75, and of the University of Virginia law school of '78. He is an orator of state and national reputation, having stamped the Middle States for the Democratic ticket in 1892 and 1894. He is also the editor of a history of Texas and is an accomplished writer on political and historical subjects.

## WEEK'S SALES

The Tobacco Market is Not as Active as it Might Be.

### THE SALES OF THE WEEK

Prices at the Warehouses Were Not Materially Changed From Those Last Week.

### FEW OUT OF TOWN BUYERS

The tobacco market this week experienced no change from that of last week and of the week before. The market has been a little off for the past several weeks and has not picked up from the declension of several months ago as much as was expected. The following is the report of the sales of yesterday:

Gilbert & Co. had no sales yesterday but will offer 25 hogheads today. The prices will probably be up to those of last week.

J. W. Farmer & Co. report the market as about the same as last week's. The firm offered 75 yesterday with light rejections.

Lugs brought from \$4.50 to \$5.50. The breaks were principally lugs with a fairly large amount of leaf.

Common leaf sold from \$5.50 to \$6.50.

Medium leaf sold from \$6.50 to \$8.50 with no good or fine leaf offered. There was a very slim attendance of out of town buyers but the local buyers were out in force. The offerings were not so large as those of last week but the bidding was about as fast and the prices experienced no depression. The firm offered 45 hogheads today with prospects of the same price.

The Western District Warehouse Co. reports the market a little lower than that of last week. There were several out of town buyers but their bidding was slow. The demand for tobacco seems to be limited at present and the sale went rather slow yesterday. The following is the report of the sales yesterday:

Offered 106 with about 40 per cent of the sales rejections.

Lugs sold from 4 1/2 to 5 cents.

Common to medium leaf sold from 5 1/2 to 7 cents.

Medium to good leaf brought from 7 to 8 1/2 cents.

There was no fine leaf offered.

The offerings today will be about 25 with prospects for the same market.

The declension in the market as reported by the firm is caused by the limited demand for the leaf.

### BRIEF ILLNESS.

MR. J. C. JACKSON'S ROOM MATE FOUND HIM DEAD SUNDAY.

Particulars of the death of Mr. J. C. Jackson, the Paducah drummer for Thompson, Wilson & Co., who died at Lake St. Charles, La., were received today. He was attacked Saturday evening by heart disease and Doctor Martin prescribed for him. That night he had another attack, and the doctor was called again. He seemed to be getting well when the doctor left about 3 o'clock Sunday morning, but his room mate found him dead about 6 o'clock. The remains were buried at Edwards, Miss., Tuesday.

The Elks took charge of the remains wherever the body was transferred in being taken to Edwards, and saw that they received the best of attention.

## THE TUNNEL CAVED IN

THE L. & N. HAD A SERIOUS ACCIDENT NEAR CENTRAL CITY.

Illinois Central Soon to Spend \$13,000, 000 More On Big Improvements.

The L. & N. R. R. had a serious accident at the tunnel just above Central City early yesterday evening. The tunnel caved in about the mouth and stopped traffic entirely on that division of the road. The company has made arrangements with the I. C. to run its trains over the latter company's tracks via Nortonville to Central City. Trainmaster T. A. Banks, of this division of the I. C., left for Central City today at noon to look after the matter. The laborers have gone to work on the tunnel and will soon have it in shape again. No cause for the cave-in was learned.

The negro who attempted to shoot Conductor W. Y. Hansbory near Nortonville day before yesterday and was beaten over the head by the conductor after the latter had taken his pistol away from him, was killed by some one as the train pulled out. His name was John Beasley, and he shot at the train as it was leaving Nortonville, and some of the passengers on the platform, according to reports, returned the fire and killed him.

The stockholders of the Illinois Central have decided to recommend to the stockholders at the annual meeting in October, the expenditure of \$13,300,000 for improvements. To raise this it will be necessary to increase the capital stock which will then amount to \$79,300,000 instead of \$66,000,000. Although \$6,000,000 have been expended in improvements, the facilities of the road are still taxed and it is necessary to increase them in order to handle the large and increasing volume of business. Mr. J. T. Harahan, second vice president of the company, has been elected a director, as was predicted a few weeks ago.

Engineer Fitzpatrick and assistant, Mr. Driscoll, of Louisville, returned home today after doing a little engineering work at the Illinois Central hospital grounds.

"Daddy" Hicks the flagman at the North Sixth street crossing of the I. C. R. R. had a little finger badly mashed yesterday. He had his hand on the window of the flag house, when the window fell and mashed the finger so badly that it was found necessary to amputate it. He will be off duty for the next several days.

### THRILLING REVOLVER FIGHT

POSSE CAPTURED ONE BURGLAR AND TWO OTHERS ESCAPED, ONE BEING RUN DOWN LATER.

Colfax, Ind., July 11.—A posse in a thrilling revolver fight captured Harry Smith, of Louisville. Three burglars were discovered in E. H. Johnson's store. Armed citizens surrounded the store and opened fire. The burglars leaped from the second story windows. One who was injured was captured. The other escaped. Smith surrendered. A Lexington telephone message says another burglar was caught there today. Bloodhounds are being used. Smith says he had worked until yesterday in an Indianapolis machine shop and was on his way to Cincinnati.

### FUNERAL OF MRS. DALLAM.

The funeral of Mrs. Clarence Dallam took place this morning at the residence, 1429 Second street, Louisville. There were services at the house. Burial private.

## LIST GROWS

Now Known to Be Twenty Killed In Horrible Railroad Wreck.

### THREE OTHERS DYING

Western Kentucky Good Roads Association Organized—McCracken Is Represented.

### CHIEF HAGER RESIGNS AT LOUISVILLE

### THE LIST GROWS LARGER.

Kansas City, July 11.—The list of dead in the Chicago and Alton wreck at Norton, Mo., grows, and there are now twenty known to be dead, three dying, and twenty seriously injured. The trains were passengers and fast stock freight.

The passenger train was traveling in three sections on account of the heavy Epworth League business to San Francisco. The wrecked train was the first section and contained no leaguers.

Conductor McAnna, of the freight train, east bound, had been ordered to meet the second section of the passenger at Slater, the next station east of Norton, but apparently overlooked the fact that the first section, which was fifty minutes late, had not passed. The front brakeman on the freight, who was about four cars from the engine, says Conductor McAnna took the throttle himself on leaving Marshall and was running the engine when the collision occurred. The trains met two miles west of Norton, on a curve amounting to a high embankment.

The trains collided while going at a good rate of speed. The engines were partially demolished and the forward Pullman and the tourist sleeper in front were burned. The baggage car was wrecked and freight cars were piled up on both engines and burned. The train which was wrecked was one of the finest passenger trains in the United States. The injured suffered mostly from scalds due to escaping steam from the wrecked locomotives, there being no broken limbs. Some of the victims had inhaled steam and were in worse condition than a first examination indicated.

Among the dead are:

DANIEL M'ANNA, Slater, Mo., conductor of freight train.

P. J. ANDERSON, Slater, Mo., engineer of freight train.

FRANK BRIGGS, engineer of passenger train.

I. S. ROGERS, Chicago, United States express company messenger.

MRS. GILMAN, of Goodland, Ind. UNIDENTIFIED YOUNG WOMAN, supposed to be daughter of Mrs. Gilman.

These six were killed outright.

D. W. HOOKER of Syracuse, N. Y., died on train.

MRS. C. W. SYNDER, Jasper, N. Y., died on train.

G. L. ROY, cashier of the Wilmington, Ill. bank, died on train.

SYDNEY JONES, Kansas City, died in St. Joseph hospital.

D. DONNELLY of Mexico, Mo., fireman of the freight train, died at the University hospital.

REV. R. J. CURTIS of Geneseo, N. Y., died at University hospital.

MRS. DICKSON, of Wilmington, Ill., 67 years old, died at University hospital.

MISS LULU RIDER, 27 years old, of Kentland, Ind., died at University hospital.

### MCCRACKEN ON THE LIST.

Hopkinsville, July 11.—The Western Kentucky Good Roads Association was organized this morning with 3 counties, including McCracken, represented in the membership. The convention closes tonight.

### CHIEF HAGER RESIGNS.

Louisville, July 11.—Police Chief Hager resigned today as a result of Tuesday's primary. He supported Jefferson, candidate for mayor, who lost.

### NEW YORK STOCK.

New York, July 11.—The prices of stocks broke violently this morning. Feverish rallying are not being held.

### GORED TO DEATH.

Bowling Green, July 11.—R. F. Sears, a farmer, was gored to death by a bull near this place.

### WINDSOR CHAPEL.

You are cordially invited to attend the open air Gospel services in front of the Union Rescue Mission hall at 7:45 every night. Brother Parker of St. Louis, will talk to us tonight. Good singing, comfortable seats and plenty of good water. R. W. Chiles.

## PIEBALD PUGILISM

THE FIGHT AT TWELFTH AND TRIMBLE LASTED ONLY

Three Rounds—The Sports Insisted That the Fight Go On Or Dought Be Relinquished.

Lou Heller, of Cincinnati and the Alabama Kid, of Birmingham, Ala., met in a bout last night at Twelfth and Trimble streets, back of the Edwards' saloon and the decision was rendered in favor of Heller on a foul in the third round.

Over one hundred sports were present at the beginning of the big bout. Several preliminaries of the same hair pulling variety were witnessed before the final event.

Heller and the Kid appeared on the scene about 10:30 o'clock and after a brief introduction by Referee Chas. Riddle, took their seats. The referee held a lengthy confab with the principals and their seconds and finally gravely announced that he would pass around the hat for the contributions. After the crowd had been touched the coin was counted and "found wanting." Another collection was made and the fight was finally started.

The Kid led off with a lively punch at his opponent's jaw but missed. Heller then landed on the Kid's ribs and in the mixup both principals fell to the ground with the Kid on top.

"Be Jesus, Riddle," Heller cried, "are yez going to let the coon do me? Phwat do yez tink O'm agin? De foight is moine on a foul."

Referee Riddle then silenced the mirth of the crowd the best he could and explained that the foul was unavoidable and that the fight would have to go on.

At this juncture one of the sports, who had sunk pretty liberally said, "Start the fight again or give the dough to the Home of the Friendless."

The fighters then went in for earnest. Every time a lick was passed the fighters would clutch and punch away for dear life. The referee would have to use main force in separating them and this would be for a brief period only, for when he had turned around they would be hitting and pulling again. Finally the white man made a feint for the Kid. The Kid ducked and led for the white's head. Heller then ran between the Kid's legs and attempted to throw him over the ropes. He was stopped in the attempt however and the Kid then had a say in the game. "It's fitting wld de Queensbury rules and I puts up a gentlemen's fight. De decision am mine on de foul."

However the sports who had contributed were running the bout and they started the boys off again. The Cincinnati boy was furious and went in apparently to put the Kid's light out. After the fight had gone two rounds the fighters had become worked up to desperation and were lunging viciously at each other. They met in the second round in the southeast end of the ring and in the mixup both went to the ground, with the Kid's foot in Heller's face and Heller's foot on the Kid's physiognomy.

"Phwat do yez tink O'm goin' up agin Riddle?" Heller cried, as he spit out several pounds of dirt. "Didn't yez see de nager's fut in me face? De foight is moine on de foul, and I don't foight de coon any more. See?"

The referee then decided in favor of the Cincinnati boy and the crowd departed. The decision was rendered however after Officer Emil Goureaux had stopped the "foight" to prevent a put out for keeps. Another bout will probably be arranged between the two fighters shortly.

### DEPUTY SHERIFF ILL.

Mr. R. C. Utterback, the well known deputy sheriff, is ill at his home on west Jefferson street. He was stricken last night with vertigo and was in a dangerous condition for a while. He is somewhat improved today however.

## \$7,000 BLAZE

Post Office at Grahamville Burned This Morning Early.

### EVERYTHING WAS LOST

It is Believed That Burglars Robbed the Store in Which it Was Located and Then Fired the House.

### THERE IS PARTIAL INSURANCE

The general merchandise store of J. D. Smith & Co., in which was the postoffice, was burned at Grahamville, this county, this morning between 12 and 1 o'clock. The loss will amount to \$6,000 or more, covered by \$3,500 insurance.

The blaze was not discovered until it had gained great headway. About the time the alarm was given the roof on the rear portion collapsed and the remainder of the building was quickly consumed.

The only thing saved was three bolts of fine dress goods, found some little distance away from the store.

It is believed by many that the store was robbed and then fired by burglars and that the goods recovered had been dropped in their flight.

There had been no fire about the building and there is no other theory of the fire's origin.

The postoffice property including money, stamps, records and everything else was burned. The key was found to be lost and nothing could be saved on this account. There was considerable mail burned but it is not believed that it was of any particular value.

Mr. Z. C. Graham, the postmaster, owned the building which was frame, and one of the most substantial in that section. The heaviest loss will be on Mr. Smith, who run the store.

### THE WEATHER.

Fair tonight and Friday.

### LABOR DAY.

COMMITTEE APPOINTED TO ARRANGE FOR THE BIG CELEBRATION.

The following committee selected some time ago from the different unions to arrange for the Labor Day celebration will begin work one week from today. The election of officers for the central body will be on that day and after the election the committee will immediately begin work.

Sam Simmons, leather workers; F. G. Davis, plumbers; V. G. Berry, car builders; Perry Bryant, caulkers; Robert Emory, machinists; J. R. Price, carpenters; Chris Miller, tinners; Eugene Edwards, bartenders; Arch Allen, typographical; Fred Heilborn, retail clerks; Charles Nesbitt, barbers; B. C. Farrow, painters; and Eugene Pratt, cigar makers.

The park or the fair grounds will be selected for the holding of the celebration and a selection will be made the first thing after the committee has begun arrangements. The labor people intend to make this year the most memorable one with their celebration, and they will spare no efforts in doing so. All the members of the different unions are very enthusiastic over the outlook and are anxious to get the good work started.

Mr. B. F. Farrow, the well known painter, has been appointed business agent for the local union, Painters and Decorators of America.

For indigestion there is nothing that equals Winstead's Laxative Phosphate.

A DAILY THOUGHT.

Women make manners and unmake them.—Arsene Houssaye.

Now that Old Sol has rested up a bit he is preparing for another stunt.

It is reported that a few of Mayor Tom Johnson's political bees have escaped.

If there isn't some rain pretty soon to make the flowers grow, the town cow will have to go home for her meals.

We have a sugar trust, a salt trust and other kinds of trusts, but it remained for Indiana to get up an insanity trust.

Some Paducahians don't care whether the water we drink is clear or muddy. The only time they indulge in it when they get it "on the outside," filtered and with a little ice in it.

If Aginaldo had sold out to Mr. Bryan it wouldn't have made any difference, except that the Democrats would have had a few more thousand to waste in harmless ammunition.

Paducah is not to get a visit of the Good Roads train, but as stated several times before, the people of this county do not have to be told how to get good roads. They already have them.

Nashville has just voted \$600,000 for sewerage and street improvements, and the people are bent on having anything that is necessary for the advancement of the city. This is the proper spirit, and should be found in every city. It is the lack of such spirit in Paducah that has long held her back.

A grand jury in Pike county, composed entirely of Republicans, is denounced by Mr. Beckham as an evidence of partisan manipulation of the courts to punish innocent Democrats, but all grand and petit juries composed entirely of Democrats try Republicans meet with the young man's warmest approval.—Louisville Post.

The Republicans of Kentucky have opened headquarters in Louisville, and will make an earnest effort to control the next legislature. They have 11 of the hold-over senators and the reports from all counties are very encouraging. The Republicans everywhere are urged to organize in order to make the best possible showing in every county in the state.

Cussing is a useless habit, yet it is a rather hard thing to run a newspaper without doing a little of it.—Mayfield Messenger.

It is certainly a useless habit, agrees the Fulton Leader, but not at all a necessary requisite in running a newspaper. When feeling the passion of "cussiness" arising, we find it just as easy to swallow a quart of printer's ink, bite the shooting stick in two or eat some "pi." Try it.

Yes and perhaps a little easier.

The negroes of Virginia who do not want to be disfranchised, have been heard in the committee of the constitutional convention of Virginia. All they have asked, according to reports, is for the right of suffrage upon the attainment of certain qualifications. They ask nothing that is not deemed advisable for the good of Virginia, but while they want the ballot safeguarded, they want black and white treated alike. The negro of Virginia seems to want an incentive to higher citizenship.

**\$100 REWARD.** \$100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. ## ARE FREE.

PART OF THE JESSE JAMES GANG RELEASED FROM THE PENITENTIARY.

St. Paul, Minn., July 11.—The State Parole Board at noon today approved the parole of Coleman and James Younger who have been in the Stillwater penitentiary for the past twenty-five years for complicity in the robbery and murder at the time of the raid on the Northfield Minn., bank. They were members of the Jesse James gang.

## FELL IN LOVE WITH NURSE

CAIRO, ILL., MAN RECOVERS, MARRIES AND STARTS FOR CALIFORNIA.

Cairo Ill., July 11.—Thomas Cotter and Miss Amanda Whitaker were married at four o'clock in the morning by Rev. J. B. Diepenbrock of St. Joseph's Catholic Church. They left for California for a wedding trip of several weeks.

Mr. Cotter is at the head of the large commission firm of Cotter Bros. Recently he was taken ill and sent to St. Mary's infirmary, where Miss Whitaker was employed as a trained nurse. He fell in love with her while she was nursing him back to health.

## PRESS PROGRAM.

WHAT THE EDITORS WILL TALK ABOUT AT THEIR MEETING.

Arrangements for the Kentucky Press Association's annual meeting at Madisonville, August 2, have been completed. The programme committee, consisting of Mr. T. G. Watkins, as chairman, and Paul Moore and Louis Landrum, announces the following program:

## MORNING SESSION.

Meeting called to order. Welcome address. Response by President. General business.

## AFTERNOON SESSION.

Paper—W. P. Walton, "Progress of Interior Journalism in the Past Quarter of a Century."

Paper—Edgar S. Albright, "The Country Weekly as an Auxiliary in Public Improvements."

Paper—J. J. Glenn, "Editorials for a Country Newspaper."

Paper—Miss Ora Leigh, "Woman's Part in Kentucky Newspaper Work."

Miscellaneous business.

The trip west will then be taken.

## PADUCAH PILGRIMS.

TWO RETURN FROM EXTENSIVE TRIPS TO OTHER COUNTIES.

N. Atkinson passed through Fulton today en route to his home in Paducah. Mr. Atkinson has just returned from the Philippines, where he spent eighteen months soldiering for Uncle Sam in company H, Forty-third regiment.

J. B. Moss, a Paducah boy, passed through Fulton today en route home from an extensive trip through South America, Central America and Mexico.—Fulton Leader.

## LOCAL INSURANCE.

THE STAMP DEPUTY'S REPORT SHOWS THAT COMPANIES HAVE LOST HERE.

Stamp Deputy Rose's records of local insurance business show that the companies have lost money here for the past year. They have paid out on losses \$48,951 and collected \$47,377, out of which comes the commissions, salaries and other expenses. This is at a ratio of one-third, meaning that the companies have paid out one third more than they have taken in.

It is expected that the premiums will amount to \$100,000 by the end of December, and it will be an increase of \$12,000.

Last year, during the closing six months, the losses were \$65,735, and premiums \$45,860, a total for the last year of \$109,686, premiums \$63,217.

## FOR COAST SERVICE.

RECRUITS TO THE NUMBER OF 500 ARE DESIRED BY THE DEPARTMENT.

Sergeant Bard, the recruiting officer who has been here for several days past has received orders from headquarters to enlist 500 men for the coast artillery service. This is one department of the service that is most desirable and the recruits ought to come in pretty lively. So far only a few have been accepted. Sergeant Bard says he is surprised that so few have applied, as generally when the officers are enlisting for the coast service, artillery, they have a packed office and cannot examine the applicants fast enough. The recruits are wanted for the coast service from New York to New Orleans.

## NO OPEN DATE.

THE GOOD ROADS TRAIN WILL NOT COME TO PADUCAH.

Word comes from Hopkinsville that the Good Roads train will not visit Paducah. It has no open dates, says Col. Moore, being booked solid.

Mayor Lang and the Paducah delegation attempted to get it for week after next but were, for the reason above, disappointed.

## NATIONAL UNIVERSITY.

DISCUSSED BY THE NATIONAL COUNCIL OF EDUCATION—COMPULSORY EDUCATION FOR INDIANS.

Detroit, Mich., July 11.—The report of the committee on a national university, submitted to the national council of education, this morning by Dr. William M. Harper of Chicago university, was the feature of the council's last session until Thursday afternoon. It was at that time that at one of its earliest meetings the committee adopted the following declaration:

"It has been and is one of the recognized functions of the federal government to encourage and aid, but not to control, the educational instrumentalities of the country."

"No one of the bills heretofore brought before congress to provide for the incorporation of a national university at Washington commends itself to the judgment of this committee as a practical measure."

"The government is not called upon to maintain at the capital a university in the ordinary sense of the term."

After referring at length to the various questions that enter into the erection of a national educational institution the report continues:

"The committee has been advised of a plan for a non-governmental institution at Washington which may be able to supply all that is desired. This plan is the outcome of action taken by the Washington Academy of Sciences and by the George Washington Memorial Association."

"Both organizations have agreed to co-operate to found an institution in the city of Washington as a memorial to George Washington which shall be maintained to promote the advanced study of the sciences and the liberal arts."

The committee submitted a resolution to the effect that a plan is approved for a non-governmental institution known as the Washington Memorial Institution, to be maintained in Washington, D. C., for the purpose of promoting the study of science and the liberal arts at the national capital, and of exercising oversight of the advanced studies of fully qualified students in the governmental laboratories and collections.

The national council adopted a resolution receiving the report of the committee, but declaring the council was not prepared to abandon the position of the N. E. A. in favor of a national university.

After reviewing the exhibits of the different countries at the exposition and comparing them to the exhibit of the United States, Mr. Rogers concluded by saying:

"The greatest lesson of the exposition is contentment. I do not mean contentment with everything, but rather that the foreigner has little that is new that we need. We have a live, virile system of education in this country at present and let us not jeopardize it by trying to introduce into it conditions that were created for schools in countries abroad."

A paper on "Resolved, That the reservation day school be made the prime factor in Indian education," by Agent F. O. Gatchell, Fort Totten, N. D., was discussed by Superintendent J. Brown, Pine Ridge, S. D., and C. C. Coe, Pine Ridge, S. D., and C. C. Sevel, Oahe Lake, Minn.

The consensus of opinion was that the day school should be made the prime factor for Indian education.

## WEDDINGS IN FULTON.

TWO COUPLES OF GRAVES COUNTY YOUNG PEOPLE MARRIED BY ESQ. ROBERTS.

Esq. Roberts performed two marriage ceremonies at his residence in South Fulton yesterday evening. Both couples were from Graves county, and returned to their homes last night on the midnight train.

The first wedding occurred at 6:30 o'clock yesterday evening, and the contracting parties were Mr. C. D. Hayden and Miss N. G. Nash, living near Farmington, in Graves county. Both of the young people stand high in the social circles of their neighborhood. They arrived in Fulton on the 5 o'clock train.

At 8:30 p. m. Mr. Joe M. Hunt and Miss Nan E. Harkless, two popular young people of Mayfield, appeared before Esq. Roberts and asked to be made man and wife.

After the ceremony the young people repaired to Dahmke's confectionery, where refreshments were served. Mr. Hunt is a popular young business man in Mayfield, while his pretty bride is the daughter of a wealthy and highly respected family of that city.

We wish the happy young people every enjoyment life affords.—Fulton Leader.

## DEATH OF MRS. POAT.

Mrs. Christina Poat, one of the best known ladies of the St. John section, died yesterday afternoon from general debility and a complication of diseases. She was 68 years old, and had been a widow for the past seven years. Besides two sisters, Mrs. Callie Worth and Mrs. Catherine Roof, she left one brother, Mr. Jacob Englebert, five sons, Messrs. Anton, Martin, Philip, Edward and Alois Poat, and one daughter, Mrs. Minnie Scheer. The funeral took place this morning at nine o'clock at the St. John's church. Rev. Father Jansen officiating. Burial at the Catholic burying ground.

## NO CONSOLIDATION.

THERE IS NO DANGER OF THE POSTAL AND WESTERN UNION BECOMING ONE.

Col. J. R. McIntosh, general counsel for the Postal Telegraph company, said, in speaking of the general consolidations over the country that there was no danger in the world of the Postal company selling out to the Western union, on account of the fact that John W. Mackay had made the building up of the former company the work of his life and that he considered it as his monument.

Col. McIntosh also thinks that it will be a long time before the government will absorb the telegraph lines, if this is ever done. "I do not think," he said, "that the government could afford to do this, for the reason that the two companies are now giving the people the lowest charge that is possible with the manner in which the business is handled. Our rates are as low as if not lower than those that the government is now charging over its own lines in the Philippines, and are no higher than those charged in other countries where the governments own the lines."

## BEHIND CLOSED DOORS.

PYTHIANS DISCUSSING ALLEGED INJUDICIOUS EXPENDITURE OF FUNDS.

Chicago, July 11.—Behind closed and carefully guarded doors the Supreme Lodge of the Knights of Pythias is here in special session to consider alleged "injudicious handling of the funds of the endowment rank of the order."

Members of the fraternal organization, both in the United States and Canada, are said to be intensely interested in the outcome of the investigation, a report of which will be made during the present meeting by President C. F. S. Neal, of the board of control of the endowment rank. It is said that \$500,000, the entire surplus of the endowment rank, has been so badly handled during the past few years that it is unavailable for use except at a great sacrifice. Meanwhile the death rate has increased to such an extent that the rank is \$400,000 behind on death claims.

Along with a discussion of the proper treatment for officials said to be responsible for the condition will be the consideration of measures for the restoration of the rank to its former basis. A special assessment on insured members, and an increase in the monthly payments on insurance were said to be probable by members of the Supreme Lodge before they went into session. The meeting will continue three days or possibly longer, it is thought.

As a result of the report of the officers and six members of the board of control of the endowment rank of the Knights of Pythias, it is said, a former president of the board will lose his membership. It is also probable that proceedings of criminal charges will be instituted against three former members of the board of control. It is said that the report submitted shows that of the half million dollars missing, a considerable portion was unlawfully disposed of.

## CLUB IS PROSPERING.

The monthly meeting of the Chess, Checker and Whist Club last night showed that the organization is in a flourishing condition and there are 65 members. The championship games will not be completed until cool weather arrives.

## KILLED AT CLINTON.

Clinton, Ky., July 11.—Yesterday afternoon on the railroad work near the overhead bridge, south of Clinton, Ole Metheal, a negro, aged about 18, was instantly killed by a steel rail falling upon him. He was one of a crew that was loading rails, and one of the rails fell back on him, crushing him to death.

## BANKRUPTCY NOTICE.

In the district court of the United States, for the Western district of Kentucky, in bankruptcy.

In the matter of Thomas B. Tefft, a bankrupt.

On this 10th day of July, A. D. 1901, on considering the petition of the above-said bankrupt for discharge, filed on the 10th day of July, A. D. 1901, it is ordered by the court that a hearing be had upon the same on the 30th day of July, A. D. 1901, before said court at Louisville, in said district, at 10 o'clock in the forenoon, or as near thereto as practicable, and that notice thereof be published one time in the Paducah Sun, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at said time and place and show cause, if any they have, why the prayer of said petitioner should not be granted.

Witness the Honorable Walter Evans, judge of said court, and the seal thereof, at Paducah, in said district, on the 10th day of July, A. D. 1901, J. R. PURYEAR, Clerk.

## YIELDS TO OPPOSITION.

ARGENTINE GOVERNMENT REQUESTS THE CHAMBER OF DEPUTIES NOT TO SUP. PORT UNIFICATION BILL.

Buenos Ayres, Argentine, July 11.—The government has sent to congress a message saying that in view of the situation in the country it can not withdraw the bill for the unification of the public debt, because the measure has been passed by the senate. The message further says to the chamber of deputies that the administration does not insist upon the passage of the bill and requests the chamber not to support it.

In accordance with the wishes of the government the chamber of deputies dropped the bill, which disposes of it finally.

President Roca had an interview with Gen. Nitte, and offered the ministry of finance to the general's son, Senor Emilio Nitte, who is in Europe.

Gen. Nitte declined to accept the office for his son, saying that the latter is too ill and could not assume the duties of the important post.

The conference between President Roca and Gen. Nitte has a political importance, because the general is the head of a powerful party.

President Roca, it is said, will offer the ministry of finance to Senor Marco Avellan, president of the chamber of deputies.

The above cable to which passed the censorship in Buenos Ayres, shows that the government has yielded to the opposition, temporarily at least, and has requested the disapproval of the measure, which has been the root of the recent troubles in Argentine, by the chamber of deputies.

## PLENTY YET.

ANDREW CARNEGIE HAS \$300,000,000 TO DEVOTE TO A GOOD PURPOSE.

New York, July 11.—Andrew Carnegie still has \$300,000,000 to give away in public benefactions. Mr. Carnegie himself is authority for this statement, which he made recently at Skibo castle to a member of the New York Chamber of Commerce committee, who is now in the city, but wishes his name kept secret from motives of personal delicacy.

Several members of the New York Chamber of Commerce delegation which went to England recently visited Mr. Carnegie at Skibo castle, and with them the millionaire discussed his gifts to the public. He remarked that in the future he intended to make other donations, more extensive even than heretofore to public institutions.

According to Mr. Carnegie, he is still undecided in what manner to dispose of his wealth for the public good. He wishes the public to obtain the best results from his benefactions, and for that reason has not formulated any philanthropic scheme. Mr. Carnegie admitted that free libraries and other educational institutions would undoubtedly obtain a portion of the millions in question, in order that the plans he had previously adopted should be fully developed. The difficulties attending his recent gifts to the Scotch universities, have, however, influenced him in considering other methods of diverting his wealth to the public good, and his hearers judged that he was considering the advisability of directing his wealth toward endowing and supporting art galleries, scientific museums and similar institutions.

Mr. Carnegie's friends say that his plans are only a natural result of his famous declaration, "It is a disgrace for a man to die rich," and that he will undoubtedly make a practical example of his doctrine.

Mr. Carnegie, whose total income annually is estimated at \$15,000,000, has, in the last twenty years, given to public libraries, schools, colleges and other philanthropic objects, the sum of \$406,964,352. Of this sum American institutions obtained \$29,070,053, and foreign institutions \$11,894,509.

## TO ALL PERSONS HAVING FARMING, TIMBERED, OR MINERAL LANDS, OR WATER POWERS FOR SALE.

The Nashville, Chattanooga & St. Louis Railway proposes to use its best efforts to induce a good class of immigrants to settle in territory contiguous to its lines and to engage the attention of capitalists seeking Manufacturing Sites or Mining Property. It therefore solicits the support, the co-operation and the assistance of the people of every county through which its lines pass. The management earnestly requests that all persons who have farms for sale or lease, those who have timbered lands, water powers or mineral lands for sale, will send a brief description of the same to the railroad agent nearest them, giving the prices and terms of sale. The prices must correspond with the prices asked of local buyers. The management does not propose to aid in selling land to immigrants at exorbitant or speculative prices.

Large tracts suitable for colonization, at low prices, are especially wanted.

## Observations

....at Random

A well known and industrious citizen is giving his house a much needed coat of paint. His home is quarantined on account of smallpox, and he started down town yesterday, but was intercepted by the man on guard and compelled to return home.

"That's all right," he said, "you can keep me at home, but you can't keep me from working."

He sent for paint and brushes, began painting his house, and will no doubt have it finished by the time the quarantine is raised.

An innocent serenading party had an almost tragic termination the other night. Several young men bent on having a pleasant evening, hired a couple of colored musicians and started to make the rounds of their friends.

They struck one house where they did not receive a very cordial welcome. Husband and wife who had been estranged, had just become reconciled and returned to live together. When the music rent the air, the husband thought it was intended for his peacefully sleeping spouse, and clothed in his righteous wrath and front porch brandishing a huge pistol to avenge himself. The musicians disappeared without finishing the piece or asking any questions when they saw the gun, the serenaders gave one lingering look at the apparition as they vanished in the shadows, and Nemesis was thwarted.

Husband and wife then renewed their differences however, and finally decided to tell their troubles to the police. They repaired to the city hall at an unearthly hour, and asked Captain Bailey, of the night force, to play Solomon. This he did with becoming gravity, the controversy being over the possession of the baby.

Captain Bailey finally awarded it to the mother, and the couple were invited to disperse. The serenaders were very much pained to learn the result of their little fun.

An Irish trawlerman was hurt in the railroad yards by a train, and his friends offered to send for a physician. They asked, "do you want an allopath or a homeopath?"

He replied: "It don't matter—all paths lead to the grave."

A good anecdote is told by the bishop of Minnesota of the sarcastic powers of the Indian. "I was holding," says Bishop Whipple, "a service near an Indian village camp. My things were scattered about in a lodge, and when I was going out I asked the chief if I was safe to leave them there while I went to the village to hold a service."

"Yes," he replied, "perfectly safe. There is not a white man within a hundred miles."

**THE RIVER NEWS.**

Observations taken at 7 a. m. River 10.1 on the gauge, a fall of 0.7 in last 24 hours. Wind, northwest, a light breeze. Weather clear and warmer. Temperature 82. Poll. Obsv.

The Clyde left at 7 o'clock last evening for Tennessee river with good business both in freight and passengers.  
The City of Columbia took an excursion crowd of colored people out last night for a few hours outing. She left today noon for Columbia and E-town with a good trip.  
The H. W. Butterfield departed for Nashville at 10 o'clock last night with all the freight she could handle on the present stage of water.

The Dick Fowler had another big trip out for Cairo this morning, about 900 sacks of wheat and 35 passengers.  
The City of Clifton from Tennessee river passed out for St. Louis this morning with a good freight trip and full of excursionists.

The Pittsburg pilots' combine, a new organization, organized Saturday afternoon by electing Captain Joseph Price president. Captain Price has been a pilot on the rivers for the past 36 years and the selection is considered an excellent one. Captain Price will have many duties to perform. Matters to be brought to the attention of boat owners will fall upon his shoulders.

The City of Memphis is due tomorrow morning from St. Louis for Tennessee river.  
The Tennessee is due this evening from Tennessee river and leaves on return trip next Saturday at 5 p. m.

"It is the general opinion of marine weather prophets that there will be a good navigable stage of water in the Ohio river all the year, and that there will be no low water season this year," says the Cincinnati Enquirer.  
"It is to be hoped that their predictions may prove true, as it is a brisk year for business, and all the boats are carrying lots of freight and crowds of people."

The Courier-Journal says: The very latest adaptation of electric power is to the operation of the pumps for dry docks. What is said to be the largest and most powerful dry dock in the world has recently been built in South Brooklyn, N. Y., and is equipped with the port of New York, from being the last one on the lists of ports where repairs to large vessels could be made, has taken its proper place in the front rank, in keeping with its commercial importance. The dock is built of five pontoons, each eighty feet long, with two extensions at the end, each thirty-six feet long, although the final size of the dock is to be 700 to 800 feet, capable of taking care of vessels of the very largest size. The advantage in using electric power is its great flexibility, and the fact that it can be obtained from the public lighting circuits of the district, making the maintenance of a power plant unnecessary. There are two large centrifugal pumps, electrically driven, which have a capacity of from 5,000 to 6,000 gallons per minute. The great speed of operation of the dock is evidenced by the fact that a 9,000 ton vessel was recently docked in exactly fifty-one minutes.

**DOG-TEAMS.**

Dogs accustomed to sledges can not draw sledges.  
Indian dogs have been at a premium in the Klondike the demand for them being so great that they were bought up rapidly at prices equal to those which a good horse would fetch elsewhere. All sorts and conditions of men found their way to the gold regions, and nobody troubled himself to inquire into their antecedents, but in a few days came fast enough when a dog team was in question. Here the value was in inverse ratio to the civilization. Later, however, it has been found that dogs accustomed to complete idleness can be utilized in the drawing of sledges. The discovery was made when the Canadian government decided to send a police force to the Klondike. An agent went to the most likely spots in the northwest to purchase dogs for the force, and reported that he "could not get a dog that was a dog" for any price within the limits of reason. The government then sent out another agent, with orders not to be too particular in his selection. The result, according to Mr. J. B. Burnham, in Forest and Stream, was a company of all sorts of creatures called dogs. They were quite civilized dogs; for instead of going among the Indians to pasture them, the agent went down to Lake Superior and bought up everything in the form of a dog, from performing poodles to the pet dogs of barber's shops. And the strangest part of the business was that the purchase was not a failure. Many of the dogs were turned into useful sled dogs, and the dogs of civilized man were soon in competition with the native teams. One set of five mongrels, about the size of large Scotch terriers, none of them weighing forty pounds, drew a load of 3,000 pounds over the ice of Lake Bennett. The sledges were always started for them, but once started they kept it moving. The owner, a half-breed, would follow out of sight, encouraging them by voice and by a system of rewards. Dogs previously educated to other business acquitted themselves well.

"Where's Vanny?"  
waves of Aphrodite's sea. He calls it misguided reason and silly sentimentality. Mary Trezevant, from what I hear of her, is not the girl to con-

quer under such circumstances. I've half a mind to believe she wouldn't try, either, since her mother and she are so opposed to men who indulge their appetite for an occasional brandy and soda or a nip of warm bourbon.  
"That may be so," interjected Phil Pearson, a ruddy-faced chap, who, while instantly championing Vanny's cause, had hitherto refrained from saying anything. With head bowed in his hands, he had sat there for the last half hour, as if meditating a great sinner in wheat or some new coup on the board of trade.  
"Van Zandt's behavior that concerned him most deeply; for Vanny and he had long been kindred spirits—chums from boyhood. So, when Carlough finished his remarks, Phil's ears were soon turned to catch all that was said.  
"That may be so," he said, "but for keeping promises I'd put the old fellow against anyone in this club."  
"Hotly. 'We know how he likes his toddy; especially at such a cold, blustery time as this, but that doesn't weigh in the balance against him—not with me!"  
"None of us is trying to pose as a saint, my dear boy," mildly interposed Carlough. "You have placed a wrong construction on what I have said. We have a bit of the ancient spirit about each of us, when it comes to a tempting glass or a pretty woman, and you know that Vanny is no exception. In his case, unlike the acid and the alcohol, however, one will not neutralize the other; one must give way and I'm ready to vouch for his good sense."  
Sound of a familiar voice in the corridor announced the arrival of the much-discussed Van Zandt. A kindly word to the porter and a nod to friends in the billiard room, off he went, and soon the young lawyer, with cheeks aglow, strode into the room, wherein he would find his cronies. At sight of him, there was a simultaneously whispered greeting from each, but was plain that his entrance had caused a lull in the conversation.  
The possibility of losing one of the brotherhood of Lethaena, New York's famous bachelor organization, after all kinds of resolutions against marriage had been passed, was more than the most staunchly hearted of them could

He's a jolly good fellow,  
He's a jolly good fellow."

Then someone suggested the regular nightly potation, which, for some strange reason, thus far, had been overlooked. Prospects of that which was to follow brought back the good cheer and soon all were laughing and joking, conscious only of the joys of comradeship.  
"I think a toast to Vanny and his promise," suggested Dan Wilson, an ex-football player who was always ready for a tackle at just such critical times. At this juncture a clinking sound marked the rise of the glasses as they went aloft; all eyes were centered on the member whose immediate future was a matter of so much concern.  
"To Vanny and his promises!" all yelled and it was not until silence ensued that any of them noticed the emptiness of Van Zandt's hands. Many looked aghast; so great was their surprise.  
"Vanny grasped the back of his chair as he arose to give response. Something tugged at his throat, a sign of the weakness his companions would charge him with, and which made speech, for the moment, difficult. His hand throbbled fast in the excitement but thoughts of her steadied his nerve and calmed his voice, so that his words fell measurably clear and eloquent.  
"I've a mission to make," he advanced. "It's due to you, I know, since I'm the first to qualify—our bond of fellowship. Your toast has taken me completely off my guard. I hadn't considered, for a moment, that you knew of the serious turn this affair had taken—how could you?—when the affirmations were made only tonight. There were two of them; the third shall be an invitation to dine with me Thursday evening. Will you come?"  
A curious lot cried "Yes, go on!" They wondered what would follow next.  
"I don't drink with you tonight, boys, because I've quit. Next time I'll drink with you, and it's one I shall keep."  
"For the second, you had better ask Miss Trezevant."

Hail to the "Tob Gown!"  
A Fifth avenue customer advises that he makes a specialty of "tob gowns." A New York Commercial Advertiser. The Anglomaniac will not be long adopting this euphonious name for her washable frocks. But she had better not ask in the shops for "tob dress goods." The clerks would probably stare in amazement, as they did the other day when a little English woman, who wanted a spool of thread, tried her best to buy a "reel of cotton."

Navigation on the Mississippi.  
Contrary to the generally accepted opinion, it is asserted that more steam vessels are now used on the Mississippi river and its tributaries than ever before. John W. Bryant of New Orleans is so testified before the industrial commission in Washington. More relief is sought against the impediments to navigation.

### BANDITS AND TROOPS.

COMBINE TO PLUNDER THE PEOPLE AND RESIST THE RUSSIANS IN MANCHURIA.

London, July 11.—A dispatch from Pekin says: It is reported that the Russians are rapidly completing the Manchurian railway and that they will employ 30,000 troops for the defense of the line. Li Hung Chang proposes to withdraw all the Chinese troops from Manchuria with the object of avoiding all chances of collision with the Russians. If this is done Russian troops will be needed to preserve order in the province, as only Chinese policemen will be employed there according to the definition now given to the Russo-Chinese agreement regarding Manchuria. It is stated that the Chinese soldiers have combined with bandits to plunder the people and resist the Russians. It appears that no control is exercised over the Chinese soldiery there.

### ELECTRICAL WORKERS.

MEETING HELD LAST NIGHT AND IMPORTANT COMMITTEE APPOINTED.

The electrical workers met in the office of the Wallace Electrical works last night. The most important business transacted was the appointment of a committee to wait on the employees of the local street car company, and see how many are eligible to become members of the union. There was some little trouble in the union a short time ago by several apprentices entering as journeymen. The union held a meeting and appointed a committee to examine the so-called journeymen and if they could not pass the examination, to release them and let them enter as apprentices. Those who entered as journeymen and could not pass the examinations were entered on the enrollment list as first class helpers and inside of one year they may become full-fledged journeymen. The Electrical unions publish a paper entitled "The Electrical Worker" and Mr. H. H. Rayner was elected to be the local union correspondent of the paper.

### COUNTY COURT.

VERY LITTLE OF INTEREST THERE TODAY.

The recent order in the county court appointing appraisers to appraise the Biddle estate was set aside, as the appointment was considered unnecessary.

The partition suit of Bettie Leigh and others against Mattie Scott and others, in which a division of the estate of P. M. Scott is attempted, was brought up in the county court this morning.

Harry Sanders and Sydney Greer, colored, who were ordered sent to the reform school, will be taken there tonight at 1:15 by deputy sheriff Gus Rogers. Sanders has been made a trustee and has been a very well behaved boy since his confinement in the jail.

Charles Ellsworth, aged 36, of Paducah county, Ill., was licensed to sell Joe Wells, aged 26, of the same county, this afternoon.

W. R. Jones deeds to James Angle, for \$40, property near Powell and Thurman streets.

A. J. Armstrong, a farmer of Carlisle county, Ky., aged 35, and Mary Johnson, aged 32, of the same county, were licensed to wed this afternoon. The groom has already been married four times, and the bride twice.

In the partition case a judgment was rendered and commissioners appointed to divide the land.

HIS HOME BURNED.

Mr. John P. Overstreet, of Wickliffe, who was a guest of Mr. Van O. Barnett, was called home last night by a message stating that his residence had been burned and nothing but a trunk was saved. He formerly occupied the building with a store, but had recently moved out everything except the residence furniture. Prentiss & Lazarus occupied the first floor with a feed store, and the total loss will be about \$7,000.

SENATORIAL CANDIDATE.

It is reported that Judge R. L. Shemwell, of Benton, Marshall county, has decided to enter the race for the Democratic senatorial nomination for this district. The candidates already announced are: J. B. Lemon, Mc D. Ferguson, James Davis and Wm. Dance.

BANNER BALVE.

The most healing salve in the world.

## OUR SHARE

McCracken County Will Get \$21,857.50 From the School Fund.

CITY GETS \$14,047.50

The Increase in the Number Of Pupils This Year Is About Three Hundred.

THE COUNTY TO GET \$7,810

McCracken county will receive from the state for the scholastic year, as school per capita, \$21,857.50, a slight increase over the amount received last year. It will be on 8,743 school children.

To the city there will be paid \$14,047.50, and this is divided as follows: Whites, \$9,885; Colored, \$4,182.50. To the children outside of the city there will go: White, \$6,197.50; Colored, \$1,612.50; Total, \$7,810.

There are 3,946 white pupils in the city, and 1,673 colored, a total of 5,619.

In the county there are 2,479 white and 645 colored; a total of 3,124, a very little change from the total number last year.

The per capita this year is \$2.50, five cents more than last year. The increase in the city is over 300 pupils, and with the increase of per capita the city will receive quite a neat increase this year in the school fund.

### ENJOYABLE PARTY.

Miss Bonnie Babbs, at her home on Jackson street, entertained last evening in honor of Miss Bettie Willett, of Mayfield, who is her guest. A most pleasant evening was spent, and delightful refreshments were served.

Those present were: Misses Kate Baker, Jennie Willett, Bettie Willett, Sophie Baker, Della Willett, Lizzie Greenville, and Messrs Herman Willett, Melville Spaulding, Ed Reed, Chas. Akers, Herbert Elliott, John Lemon, Will Buchanan and Joe Hobbs, of Mayfield.

### NASHVILLE ELECTION.

Nashville, Tenn., July 11.—In the city election the straight Democratic magisterial ticket was elected. The propositions to issue \$500,000 in bonds for sewer and street purposes and to grant a franchise to a new electric light and power company were carried.

### ON EXHIBITION.

COURTROOM CROWDED WITH WOMEN ANXIOUS TO GET A GLIMPSE OF THE MAN.

Parkersburg, W. Va., July 11.—M. Mayhew and George Hoover testified in the Ellis Glenn case and were positive that she was the Bert Glenn they had known. The court made Glenn remove her hat and heavy veil this morning so that the witnesses might see her. Every inch is being stubbornly fought by attorneys on both sides.

TOMORROW'S GUN CLUB SHOOT.

There was some talk of the match shoot at La Belle park tomorrow afternoon being postponed as the live birds could not be procured. Mr. Brown who has charge of the birds said the birds would be here from St. Louis tomorrow morning and that the shoot will undoubtedly come off.

The Ladies of Releeca meet tomorrow afternoon at two o'clock in Odd Fellows hall.

# DEMONSTRATION SALE!

BIGGEST CUT PRICE EVENT OF THE SEASON  
NOW ON AT WALLERSTEIN'S.

We never do things by halves. When we "go in" to cut prices we cut them lower than any other house, as comparison will tell. To prove this fact we have inaugurated a Demonstration Sale of Men and Boys' Clothing, and in many instances we have cut the prices 10 to 15 per cent. less than others, and in every instance a little less than their lowest prices.

### Just to Demonstrate

Our ability to undersell other houses we have placed all \$6.50 and \$7.50 Men's Spring Suits on sale at choice of the lot for

\$4.98

### Just to Demonstrate

The fact that our cut prices are lower than any other house, we have placed on sale all \$16.50 and \$18.00 New Spring Suits at choice for

\$12.70

### Just to Demonstrate

How we cut prices and to give you the benefit of a big reduction, all \$10.00 and \$12.50 Men's Spring Suits go at once for

\$7.50

### Just to Demonstrate

How you can buy the finest suits at almost half price and less, we offer pick of finest \$20.00, \$22.50 and \$23.50 Men's Spring Suits for

\$13.90

### Just to Demonstrate

Why it is to your interest to come here we have placed all \$13.50 and \$15.00 Men's Spring Suits on sale at

#### Ingredients of a Penny.

Pennies do not consist of copper alone, there being in them 2 per cent of tin and 3 per cent of zinc to 95 of copper. They cost the government about 42 cents a pound exclusive of stamping, and there are 148 in a pound, so that the government makes a fair profit on every pound minted, since, while they are redeemable in gold, but few are ever presented.
